FTDX101 SERIAL DECODER

You can ask your store the serial number. How to decode it?

```
POS: 12345678
SER: 9M06xxxx

Position 1 = year made

Position 2 = month made
C = January
D = February
E = March
F = April
G = May
H = June
I = July
J = August
K = September
L = October
M = November
N = December

Pos 3 &/or 4 = lot number(s)

Pos 5<-8 sequence in that lot serial number
```

Position 1: last digit of the year in which the radio was produced.
November 2019 = 9M made in November that I bought in December 2019.
For 2020 I guess this will be "0".
